Dear Mr Browne,

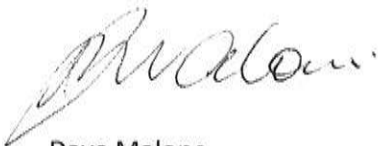

Master Builders NT is the key industry organisation representing the building and construction sector in the Northern Territory.

We are very pleased to be able to provide a letter of support for the proposed Larrakia Cultural Centre (LCC) project planned for Darwins' foreshore.

We have been strong supporters of this project ever since the very earliest days when the original Darwin Waterfront project was being developed. We believed then, and still do, that it would be an important addition to Darwins' social infrastructure and cultural fabric, and a fundamental focal point for Larrakia to present their story and culture to the world.

We also understand just what it takes to move a concept from discussion to a reality. Our members therefore wish everyone involved in the project every success and extend an offer to assist in whatever way we might be able to do, as it moves forward.

Yours Sincerely

Dave Malone
Chief Executive
