Re: Darwin Convention Centre letter of support for the Larrakia Cultural Centre.

Dear Angelique,

It is with great pleasure that the Darwin Convention Centre offers this letter of support for the Larrakia Cultural Centre project.

The Centre works collaboratively with the Larrakia and understands the importance of showcasing the cultural and spiritual connections of the land on which the Centre stands.

Having the Larrakia Cultural Centre located at the Darwin Waterfront will be a tremendous asset to the precinct and a fantastic opportunity for conference delegates to experience the heritage and history of this land.

We wish you every success with this project.

Kind regards
